Be Part of an Innovative Team That Fosters Imagination and Inquiry!

Strategic Plan
IBEA’s academic strategic plan places people front and center. That plan’s strategies include developing the whole person, ensuring personalized plans of study, identifying teaching and learning needs, developing products and services to meet those needs, and developing innovation and entrepreneurial talent and capacity.

Outcomes
• IMSA students earn numerous awards and recognition from national and international competitions, including the Science Talent Search, Siemens Westinghouse Competition, and the International Physics Olympiad.
• IMSA was named the statewide winner of the first School of Distinction Star Innovator Award for science excellence. The SciTech Foundation honored IMSA for its elite status in public education.
• High-achieving programs on the rising stars list, recognized for their innovation, are showcased in endowed programs, which provide part of the endowment to raise funds for that category.

Fast Facts About IMSA

Founded 1985 by the Illinois General Assembly
Advanced College Prep Program
IBEA annually enrolls up to 630 academically talented Illinois students in grades 10-12. Illinois residents are selected on the basis of talent, academic rigor and support services. All students are required to be in Aurora, Illinois, to enroll and to adhere to the expectations of the锉ICA program. AIM Academy is designed for academically talented students of exceptional ability in grades 7-9.

Statewide Programs
As a resource for the people of Illinois, IMSA annually serves thousands of teachers and students throughout the state and beyond. IMSA’s statewide programs include teacher professional development in research-based and practice-proven instruction in mathematics, science, technology, and the arts; and professional learning communities for mathematics and science teachers. All programs are intended to extend the impact of IMSA education beyond the Aurora campus.

Reasons to Join the IMSA Team

**Be Part of an Innovative TEAM that fosters imagination and inquiry!** The Science, Mathematics, and Computer Science curriculum at IMSA is an internationally renowned teaching and learning laboratory funded by the State of Illinois to develop talent and leadership in mathematics, science, engineering and technology. IMSA is an amazing place that inspires learners of all ages to address compelling questions, solve real-world problems and inspire people like you! If you have a sense of wonder, creative ideas, and a “can-do” spirit, you belong at IMSA!

**Join the IMSA Team**

Our Compelling Cause

It takes the best minds from all walks of life to create an exciting teaching and learning laboratory for learners of all ages. While science, technology, engineering and mathematics (STEM) are often considered academic disciplines, in today’s economy they are the keys to innovation and entrepreneurship. For decades, IMSA has been an inspirational and transformative environment where students and teachers are at the forefront of change. IMSA’s core mission is to “ignite and nurture creative, ethical and scientific minds that advance the human condition.” That’s why our employees and students are at the forefront of change.

**Find out about current job openings at www.imsa.edu**

**Live and Breathe Diversity**

**Initiative for Diversity and Inclusion**

Diversity and inclusion are core values at IMSA. We pride ourselves on serving a diverse student body that includes students from a wide range of demographic and cultural backgrounds. As a result, we are committed to creating a nurturing and supportive environment that celebrates and values the unique perspectives of our students, faculty and staff. We believe that diversity enriches our learning community and enhances the educational experience for all.
