Residential Life

Living & Learning
To be a Residential Community means:

Students live on campus

Students collaborate and work together

Students learn outside the classroom

Students are accountable to their community

Students have to clean up their own rooms 😊

Who we are

Resident Counselors

- Monitor academic success and personal growth of 24 students
- Provide counseling and mentoring for assigned students
- Participate in duty/call rotation with other resident counselors
- Serve as an ethical role model for students by demonstrating responsibility to self and others
- Plan and implement learning experiences and activities
- Make student referrals to support services staff and administrators as needed
- Communicate student issues with residential life staff, parents, faculty and other support staff
- Demonstrate awareness and sensitivity to community members and their needs
Residential Staff provide both educational and social programs for students to foster their personal, intellectual, and ethical leadership development.
Some of the nuts and bolts

Students have expectations outside of the classroom to ensure a safe and healthy community…

- Check
- Sign-out
- Study Hours
- Housekeeping
- Room Inspections
