Page | 3
- Microsoft OneNote 2007:
- This software application is used extensively in some class at IMSA.
 - Some computer manufactures provide a license of this application with their computers and others do not. In the case where a computer manufacture does not include OneNote 2007 with their systems a license will be provided via IMSA’s site license. Under that circumstance OneNote 2007 must be removed from the student’s computer once the student graduates or is otherwise is no longer enrolled as a student at IMSA
- 2
Microsoft Expressions Web:
- This software application is required by teachers in the Social Sciences department.
- 3
Mozilla FireFox
- This software application is the preferred/recommend web browser for the IMSA community.
- 4
GIMP
- This software application is can be used to complete graphic editing assignments.
- 5
Mathematica
- This software application is required by teachers in the Mathematics department.
- 6
Mathematics/Programming Language Tools and Editors
- These software applications are required or will be helpful to students participating in Mathematics/Computer Programming classes at IMSA.
- 7
Logger Pro
- This software application is required by teachers in the Science department.

1:1 Computing @ IMSA Installed Software Suite Matrix

8 Symantec AntiVirus

- IMSA IT Policy requires all computers connected to the IMSA network must have IMSA approved AntiVirus software installed and properly configured.

Page | 4 9 Epson Projector Utility

- Software used to access Epson projectors in IMSA classrooms for the purpose of presenting material to classmates, teacher and outside visitors.

10 WinPlot

- This software application is required by teachers in the Mathematics department.

11 SmartBoard Notebook

- Software used to access SmartBoard devices in IMSA classrooms for the purpose of collaborating with classmates, teacher and outside visitors.
- Due to software licensing restrictions this application must be uninstall when the student graduates or is otherwise no longer an enrolled to at IMSA.

12 Cabri

- This software application is required by teachers in the Mathematics department.
- Due to software licensing restrictions this application must be uninstall when the student graduates or is otherwise no longer an enrolled to at IMSA.
