If we do what we know and feel is right, it is bound to happen that among our graduates there will be numbered scientists, engineers, and those who go on to earn degrees in law and letters. There are likely to be those few who create new intellectual worlds, cure a dreaded human ailment or in some other way significantly influence life on our planet.

- Dr. Leon Lederman, IMSA Founder, physicist, researcher, university professor, national laboratory director and Nobel Laureate

Just like our alumni, you'll be a leader in the business, education, and scientific sectors, leading and working at top companies and organizations including:
