how to use

Emergency Options

Knowing who to connect to for help is essential to staying safe, regardless of where you happen to be.
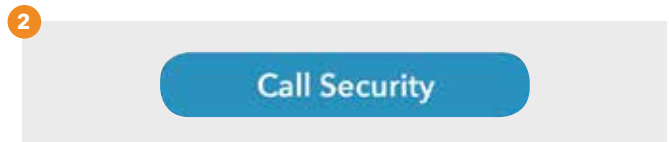

1

On the LiveSafe home screen, tap "Emergency Options".

*

Tap here to stop sharing your location

Enabling any of these options **will initiate location sharing** with Security. You can turn this off by tapping the blue bar.

2

Call 911

Regardless of where you are, use the "**Call 911**" button to immediately connect with the closest 911 dispatch center. This automatically updates to display and call international emergency numbers based on your location.

2

Call Security

Call Security is programmed with Security's emergency number.

2

Message Security

Message Security enables you to send a discrete chat directly to Security. Security can chat back to ensure you are okay.
