4. **The Investment Report continues to reflect an increase in average yield.**

   In alignment with the Academy’s Strategic Priority Pillar 4 and indicator: *Increase in revenue while managing costs*, a portion of IMSA’s funds on deposit with BMO Harris have been moved to a Public funds Money Market account which has a higher interest rate than their Public Funds Checking Account.
Additionally we have opened up a new investment account with the Illinois Funds, the State’s Public Treasurers’ Investment Pool, administered by the Illinois Office of the Treasurer, offering a safe investment opportunity for custodians of “Public Funds” for “Public Agencies”. The average daily yield on this account in May and June was 5.091% and 5.184% respectively.
